

EDU Group Showcases Advanced Robotics at HKTDC Electronics Fair

Highlights Innovative Robotics; CEO Rocky Law Shares Vision in Interview

(Hong Kong, October 13-16, 2025) — EDU Group participated in the HKTDC Hong Kong Electronics Fair (Autumn Edition) at the Hong Kong Convention and Exhibition Centre, showcasing UBTECH's advanced robots for education and engagement. Organized by the Hong Kong Trade Development Council, the event attracted global exhibitors and buyers to explore innovative technology.

EDU Group presented a range of UBTECH robots, including models for research, interactive learning, and emotional companionship, captivating attendees with hands-on demonstrations. Visitors, including educators and families, experienced how these robots inspire creativity and support STEM education.

CEO Rocky Law received recognition from HKTDC for advancing edtech solutions and shared insights in an industry media interview, highlighting the role of robotics in transforming education. The event reinforced EDU Group's commitment to fostering learning through technology.

Date: October 13-16, 2025

Location: Hong Kong Convention and Exhibition Centre, Hong Kong
